HARSH SINGH

ADDRESS:- Village and post Khemapur, District Ambedekarnagar.

Contact:- 8009187626, Email:- harshsingh9hrs@gmail.com

CAREER OBJECTIVE

As a driven and adaptable developer, my career objective is to apply my technical skills and problem-solving abilities to contribute to innovative projects and create impactful solutions. I aim to continuously grow in a dynamic work environment, collaborating with teams to develop efficient and high-quality applications while enhancing my knowledge and expertise.

EDUCATION QUALIFICATION

BACHELORS OF COMPUTER APPLICATION (B.C.A.)
- Goel Institute of Higher Studies.
- 2022-2025

Intermediate
- KSM educational institute
- Year of completion: 2022

Matriculation
- KSM educational institute
- Year of completion: 2020

TECHNICAL SKILLS

Languages: C language, JAVA, Javascript.

Frameworks : Node Js, Express Js, React Js.

Tools : Git, Canva, VS code, MySQL.

Database : MongoDB, MySQL.

SOFT SKILLS

➢ Leadership

➢ Event Management

➢ Writing

➢ Public Speaking

➢ Critical Thinking

INTERNSHIPS

➢ **Summer Internship at Coding Blocks, Lucknow (June2024 - July2024)**

During my DSA internship using Java, I gained hands-on experience in implementing and optimizing data structures such as arrays, linked lists, trees, and stacks. I focused on solving complex algorithmic problems and optimizing time and space complexity.

➢ **Web development Intern at Sri Balaji Infotech , Lucknow (June2024 - present)**

During my MERN stack internship at Shri Balaji Infotech, I am working on developing full-stack web applications using MongoDB, Express.js, React, and Node.js. I am gaining experience in building responsive front-end interfaces, creating RESTful APIs, and managing databases, while focusing on optimizing performance and ensuring seamless integration across the stack.

PROJECTS UNDERTAKEN

➢**SUMMER INTERNSHIP PROJECT (ongoing)**

Project Title: Hostel Finder Web Application
Key Learning: In this project, I gained hands-on experience with REST APIs, geocoding, and building a dynamic filtering system. I also learned how to design a flexible, scalable database to handle evolving requirements. These skills enhanced my ability to integrate external services, process spatial data, and optimize data retrieval.

ADDITONAL COURSES

➢ The Complete Web Developer bootcamp
   -udemy

➢ Complete Web & Mobile Designer
   -udemy

CO-CURRICULAR ACTIVITIES

➢ Won first rank in IT Quiz and debugging competition
➢ Won first rank in debate competition
➢ Volunteered in NSS plantation program
